How to Prevent Fires

OUTDOOR FIRE PREVENTION SEMINAR

ALL ARE WELCOME TO ATTEND – Adults & Children!!

I cannot stress enough the importance of holding these fire prevention seminars. I'm sure you are all aware of the serious fires that occurred in our community recently. With that being said, **attending these seminars will help you learn simple steps to prevent a fire from happening in your house or apartment. Moreover, you will also gain the proper protocol on how to react if you or your loved ones unfortunately experience a fire.**

Please take some time and attend this very important seminar being held in your community. For your convenience these seminars are being held outdoors in your immediate neighborhood. Let us come together and gain valuable information on how to prevent a tragic event from occurring. These small steps we all take can help save our lives and the lives of our loved ones.

Your Friend,

Mayor Brian P. Stack
Cell: 201-376-1942

A FEW TIPS TO HELP PREVENT A FIRE

**Monday,
October 3
6:30PM**

**8th to 9th Streets
on New York Ave.**

- **Never smoke in bed – Be sure all cigarettes are fully out after use.**
- **Portable Heaters – Never leave them on while unattended, and always keep space heaters at least 3 feet from anything that can burn.**
- **If you smell smoke or even suspect it get out and call the Fire Department immediately. 201-865-1111**
- **Extension cords should not be used. If you must use them, only use heavy-duty extension cords (UL Listed). Also, do not overload the extension cords.**
- **Never leave food cooking in the oven unattended.**
- **Never leave candles unattended and put them out completely before going to sleep.**
- **Don't clutter.**
- **Be sure the area near the fire escape is clear and easily accessible. No A/C can be installed in window.**
- **Look around and plan an escape route in case of an emergency. We all must be prepared to evacuate our apartments in the quickest/safest way possible.**
