

Dear Friends,

I have recently been contacted by several residents concerning animal welfare and specifically homeless cats and dogs. Residents have expressed their concerns about the health and safety of homeless animals especially during the winter months. I would like to meet with residents to get information and discuss the best way to address the issue. Please e-mail me at mayorstack@ucnj.com with your name, address and telephone number if you are interested in attending the meeting. As always, I am thankful for the input of residents to assist me in making Union City the best possible place to live and work.

Your friend,
